## FIRE EMERGENCY SUMMARY

### SRCS 06

This Document is copyright of SRCS and is for the use of SRCS and Members only. It is not used for any other purpose without the approval of the SRCS President.

APPROVED: SRCS Committee

Date: 22/01/2013

## **EMERGENCY SUMMARY**

- **SRCS overflies grass areas that may be easily ignited, including by any aircraft crash**
- **Fires cause loss of life, loss of livestock, and serious property damage**
- **The first few minutes of a fire are critical**
- **Over reaction is always better than under reaction**
- **Use maximum resources available**
- **Don't take personal risks and ensure you always maintain a safe way out**
- **If any doubt that you can contain the fire, immediately call 000 or 112 from ANY mobile, (even if out of your normal reception area provided there is another carrier available)**
- **Use red fire fighting knapsacks from unlocked small shed if any possibility of grass fire**
- **Knapsacks are heavy so only hand carry over short distances**
- **Dampened hessian sacks from small shed are also effective for beating out burning grass**
- **Transport using 4 wheel drives, cars, or SRCS mower and trailer (if available)**
- **Use quickest route to fire including through pit area gates**
- **Beware of obstructions in long grass**
- **Beware of heat from exhausts and catalytic convertors starting fires themselves**
